Treat double slash as a single one in path arguments

THE INFORMATION IN THIS ARTICLE APPLIES TO:

- EFT v8 and later

DISCUSSION

This advanced property specifies whether to treat double slash as a single one in path arguments of FTP commands.

Add the name:value pair below to the AdvancedProperties.JSON file in the \ProgramData\ folder for EFT (for example, **C:\ProgramData\Globalscape\EFT Server**):

```
{
"FixDoubleSlashInPathsForFTP": true
}
```

Set to 1 to enable. Default is 0.

MORE INFORMATION

For more information about Advanced Properties, search for "Advanced Properties" in the help for your version of EFT.

For pre-v8 versions of EFT, the registry value is

SOFTWARE\Wow6432Node\GlobalSCAPE Inc.\EFT Server 7.2
