Can I configure EFT to run executables, batch files, and scripts automatically when specific events occur?

THE INFORMATION IN THIS ARTICLE APPLIES TO:
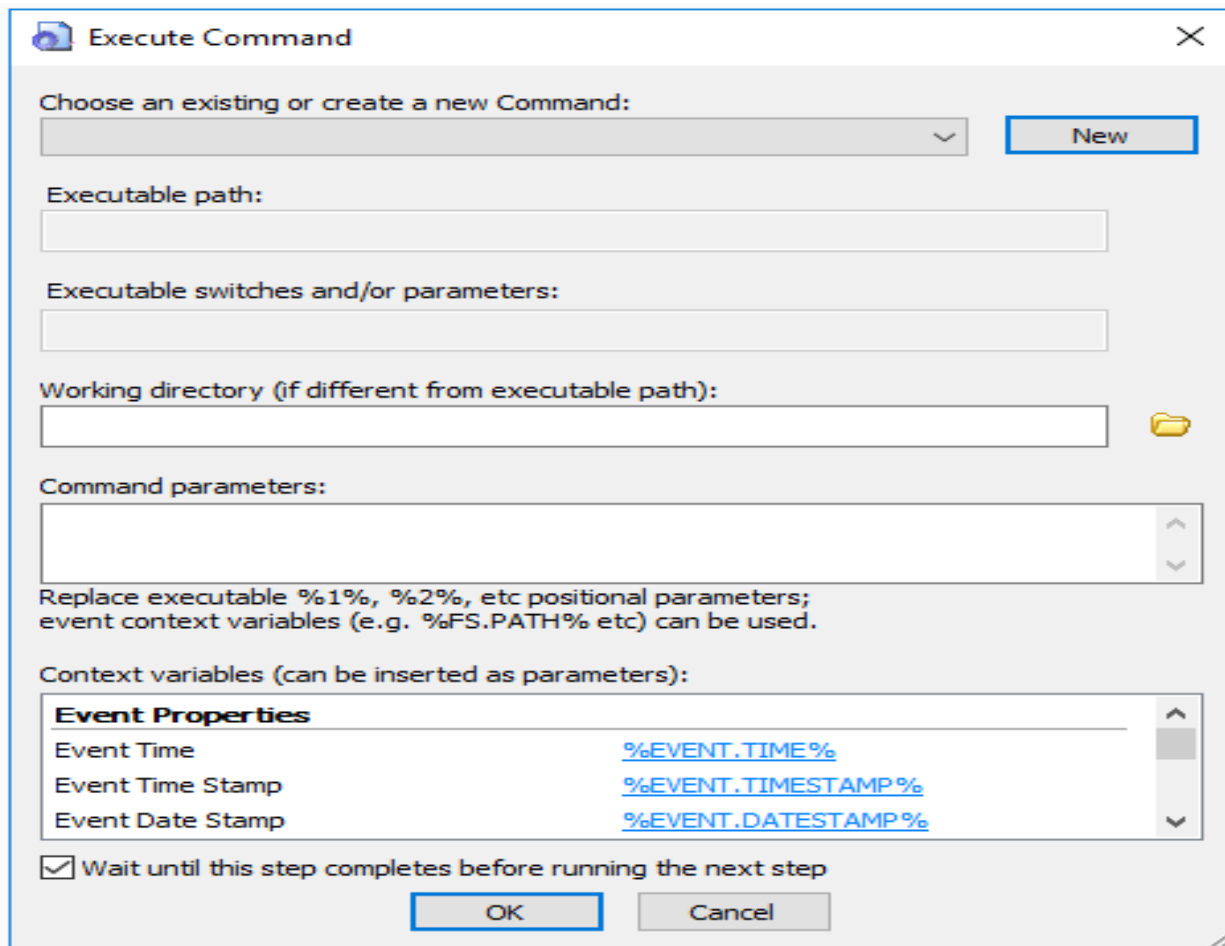

- EFT, all versions

QUESTION

Can I configure EFT to run executables, batch files, and scripts automatically when specific events occur?

ANSWER

Yes, you can configure EFT to run executables, batch files, and scripts automatically when specific events occur. In EFT these are called *commands*. When the Event Rule is triggered, EFT executes the specified custom command and attributes. You can also add EFT variables in the command.

Can I configure EFT to run executables, batch files, and scripts automatically when specific events occur?

Read more about EFT's "Custom Command Actions" and other Event Rules in the help in your version of EFT.
