

VAT Taxes Collected for EU

Pursuant to the European Union's Digital VAT Directive, as of 1st July 2003, Customers located in the European Union will be charged Value Added Tax (VAT) on all downloadable digital products and services, including software.

GlobalSCAPE is registered under the "Special Scheme" in the UK. This registration allows us to comply with the collection of VAT in all EU member nations but we remit only to the UK which in turn remits the appropriate amount to the other member nations. Our scheme ID is EU826001095.

For more information please visit the [European Commission Web site](#).
