

CuteFTP - Truncated listings

THE INFORMATION IN THIS ARTICLE APPLIES TO:

- CuteFTP ®, all versions

SYMPTOM

Truncated listings in remote pane.

RESOLUTION

If you connect to a server and you see **266-Options: -1** or **226 Output truncated to 2000 matches**, it means the server cannot display more than 2000 items in file listings. This is a limitation of the server and not CuteFTP.
