How do I set up a home folder for AD authenticated users using something other than the default option?

THE INFORMATION IN THIS ARTICLE APPLIES TO:

- Secure FTP Server (All Versions)
- EFT (All Versions)

QUESTION

How do I set a home folder for AD authenticated users that is something other than the default **/user/%username%** option that EFT provides?

ANSWER

Refer to "Removing Domain from the User Folder Name" in the help documentation for your version of EFT for details.
