- CuteMAP (All versions when running on Windows Vista)

QUESTION

I am having trouble activating and registering CuteMAP on Windows Vista. Can you help?
The following error is encountered:

ANSWER

CuteMAP is not supported on Windows Vista. CuteMAP may run on Windows Vista, however, special consideration needs to be made when activating the program.

Activation and registration of CuteMAP on Windows Vista requires that the user start CuteMAP by right-clicking on the shortcut and clicking **Run as administrator**. After activation is completed you can start CuteMAP normally.
