

Remove CuteFTP from the Windows Explorer shortcut menu

THE INFORMATION IN THIS ARTICLE APPLIES TO:

- CuteFTP 8 Professional

QUESTION

When I right-click on a file or folder in Windows Explorer, one of the choices is **Upload using CuteFTP Pro**.

I don't use that feature and would like to remove it from the shortcut menu. How can that be accomplished?

ANSWER

To remove CuteFTP from the Windows Explorer shortcut menu

1. Start CuteFTP Pro.
2. On the **Tools** menu click **Global Options** and then click **General**.
3. In the **Shell Integration** area, clear the **Integrate into Windows Explorer context menu** check box and then click **OK**.
