# CuteHTML Activation and Registration on Windows Vista (Deprecated)

THE INFORMATION IN THIS ARTICLE APPLIES TO:

- CuteHTML 2.3 (When running on Windows Vista)

QUESTION

I am having trouble activating and registering CuteHTML on Windows Vista. Can you help? The following error is encountered:

ANSWER

CuteHTML is not supported on Windows Vista. CuteHTML may run on Windows Vista however special consideration needs to be made when activating and configuring the program.

Activation and registration of CuteHTML on Windows Vista requires that the user start CuteHTML by right-clicking on the shortcut and clicking **Run as administrator**. After activation is completed you can start CuteHTML normally.
