

Is CuteMAP Compatible with Windows Vista? (DEPRECATED)

THE INFORMATION IN THIS ARTICLE APPLIES TO:

- CuteMAP (All versions)

NOTE: CuteMAP has been discontinued.

QUESTION

Is CuteMAP compatible with Microsoft Windows Vista?

ANSWER

CuteMAP is not supported on Windows Vista.

CuteMAP may run on Windows Vista however special consideration needs to be made when activating the program.

No other testing has been performed on CuteMAP running on Windows Vista. At this time there are no plans to support CuteMAP on Windows Vista in the future.
