Tuning Windows for TCP/IP performance

THE INFORMATION IN THIS ARTICLE APPLIES TO:

- All Windows products

DISCUSSION

Tuning Windows for TCP/IP performance isn't specific to any one Globalscape product. Rather, it depends on which version of Windows you are using. Therefore, rather than listing the various options here, please refer to the Google search results listed here, which provides relevant links with information about "tweaking" TCP/IP-related settings to improve performance in Windows.
