# Changes in COM API v7.0 - 7.4.x

**THE INFORMATION IN THIS ARTICLE APPLIES TO:**

- EFT Enterprise version 7.0 - 7.4.x
- For v8 and later, refer to "What's New" in the [COM API help](#).

**DISCUSSION**

The ***attached spreadsheet*** lists which of the interfaces, properties, methods, and enums in the COM API were added or modified from EFT v7.0 to present. ("Hide" or "Unhide" columns to compare versions.)

Use this reference to guide you when you upgrade EFT to verify your scripts and make changes, if any.
