Installing, configuring, and using the EFT Server Web Administration Interface

THE INFORMATION IN THIS ARTICLE APPLIES TO:

- EFT Server Enterprise version v6.4.x

DISCUSSION

The EFT Server Web Administration interface allows you to remotely manage EFT Server using a web browser. The *EFT Server Web Administration Tool User Guide* describes the requirements, installation, and configuration of the interface.

- Download the administration tool user guide PDF.
- Contact your Account Manager in Globalscape Sales for the installation files.
