How can I specify the number of days before a Workspace invitation expires?

THE INFORMATION IN THIS ARTICLE APPLIES TO:

- EFT v8.x

QUESTION

How can I specify the number of days before a Workspace invitation expires?

ANSWER

Specify the Workspace invitation expiration days in the [AdvancedProperties.json](#) file.

To specify the number of days before a Workspace invitation expires, add:

{

"WorkspaceInviteExpirationPeriodDays": Number of Days

}

Type: uint32_t

Default Value: 5

Minimum Value: 0

Maximum Value: 4294967295

Description: Workspace invite expiration period (days). A value of 0 indicates invites expire together with workspace.
