Enable EFT to send a QUIT command when disconnecting from FTP/S clients

THE INFORMATION IN THIS ARTICLE APPLIES TO:

- EFT v7.3.3.14 and later

DISCUSSION

When connecting to FTP/FTPS clients, you can enable EFT to send a QUIT command when disconnecting from the client.

(This command is only available in FTP/FTPS clients.)

To enable sending the QUIT command

Add the following name:value pair to the AdvancedProperties.JSON file:

{

"SendQUIT:"1"

}

If set to 1 = Send QUIT command

If set to 0 or doesn't exist(default) = Do not send QUIT

Prior to v8, add the advanced property to the registry as a DWORD value:

HKEY_LOCAL_MACHINE\Software\WOW6432Node\GlobalSCAPE Inc.\EFT Server 7.0\
