

Enable EFT to send a QUIT command when disconnecting from FTP/S clients

#### **THE INFORMATION IN THIS ARTICLE APPLIES TO:**

- EFT v7.3.3.14 and later

#### **DISCUSSION**

When connecting to FTP/FTPS clients, you can enable EFT to send a QUIT command when disconnecting from the client.

(This command is only available in FTP/FTPS clients.)

#### **To enable sending the QUIT command**

Add the following name:value pair to the AdvancedProperties.JSON file:

```
{  
  
"SendQUIT":"1"  
  
}
```

If set to 1 = Send QUIT command

If set to 0 or doesn't exist(default) = Do not send QUIT

**Prior to v8**, add the advanced property to the registry as a DWORD value:

HKEY\_LOCAL\_MACHINE\Software\WOW6432Node\GlobalSCAPE Inc.\EFT Server 7.0\
